

GIVE THE GIFT OF RECOVERY

Your financial gift provides North Central Vermont Recovery Center the support we need to provide recovery services to family, friends, and community members. More than 10,400 guests benefited from our services this past year. Your gift will ensure that education, advocacy, and awareness initiatives continue. It will help us provide more substance-free social events, a multitude of support groups and a full complement of health and wellness programs and recovery coaching. We believe recovery is about whole lives and whole people. Thank you for your support of NCVRC. Wishing you and yours a happy holiday and healthy new year.

“The opposite of addiction is not sobriety. It is connection.” - Johann Hari
